- ☐ Pilot project
- ☐ Not applicable as all activities are completed
- ☐ Other (please specify):

c) If you developed or identified new/innovative approaches (e.g., tools, materials, best practices) **during the selected quarter**, to address gaps in SDGs implementation, what were they and how were they disseminated?

Tools are defined as the practical resources that were designed to assist in the development of this project and for fulfilling the specific outcomes envisioned for this project. Examples include online tools such as applications or websites; frameworks such as standardized templates and processes; or measurement and evaluation tools such as surveys and evaluation criteria.

Materials are defined as tangible or information products used to share knowledge of the project. Examples include education materials such as brochures, handouts, and education lesson plans; guide, publications such as reports and case studies; or media material such as videos, flyers, and social media campaigns.

2. What are the **outcomes** that your project has generated **during the selected quarter** to advancing Canada's progress on the 2030 Agenda? Please select all that apply.

Outcomes are the changes that are expected to occur as the result of the project. (Note that an objective may have more than one outcome related to it.) They answer the question, "How will we know if the project has achieved its expected results, whether this is at a community or individual level?"

☐ Localizing / Mapping of specific SDGs in communities (please specify which SDG(s)):

☐ Increase awareness of the 2030 Agenda and the SDGs

☐ Strengthening established partnerships or new networks established between various Sectors (please specify the sectors)
