Final Project Report

Purpose

The Final Project Report (Report) is a report intended to provide a summary and an evaluation of the results of the project. The Report is an opportunity to highlight your achievements and explain any challenges you faced while carrying out the project. This Report fulfills the reporting requirement of the Funding Agreement (Agreement). The Report is due no later than 60 days following the completion of the project.

Project Number

Start and End Date of the Project:

Project Title

Recipient Name

1. Project Results

a) Please describe the results achieved for each of the objectives and/or activities as stated in your Agreement. Please list each objectives and/or activities and their result. Please use examples and refer to your project's expected results.

b) Do those results match the expected results as stated in your Agreement? Please give specific examples to support your answer.

2. Partnerships

a) Have all organisations, networks and/or partners, financial or not, kept their commitment to be involved in carrying out the project? Please describe all partnerships developed. Please give specific examples to support your answer.

b) If some partnerships were not created, how did it affect the result of this project? Please give specific examples to support your answer.

c) What worked well, and what proved to be challenging in working with your partner(s) in the project?

d) Please describe how you connected with:

- people with disabilities
- other experts
- partners in the disability field
- other fields to help with your research

Please give specific examples to support your answer.

e) Please describe the roles and responsibilities of:

- people with disabilities
- other experts
- partners in the disability field
- other fields to help with your research

Please give specific examples to support your answer.

3. Knowledge Translation and Dissemination

a) What type of papers or documents did you produce from your research

b) With who was the information shared, and how did you share it?

c) Did you produce and share your documents in both official languages? If not, why?

4. Final Thoughts

a) Please describe what worked well, and what did not, during the project. Please share your success stories with us.
b) Is there any other information you would want to share with us about your project?

The information you provide is collected with the help and support of Accessibility Standards Canada in order to administer the program. The information collected will be subject to the Access to Information Act.

By signing this, you certify that the information you provided in this document respects the Terms of Conditions of the Funding Agreement.
