Application for a Birth Relative to apply for entry in Part 2 of the Adoption Contact Register

Please use Part 2 guidance notes when completing this form.

The Adoption and Children Act of 2002 provides for the Registrar General to operate an Adoption Contact Register. The purpose of the Register is for adopted people and their birth relatives to register their contact wishes. A wish for no contact can also be registered.

In order to register on Part 2 of the Contact Register you must be a birth relative. This is any person who is related to the adopted person by blood (including half blood), marriage or civil partnership.

You must be 18 years or over. You can register your wishes before the adopted person is 18 years old but the adopted person will not be able to register until they are 18.

A record of the birth or adoption must be held by the Registrar General.

The registration fee for a birth relative is £30.00. A separate application and fee is needed for each adopted person.

If you want to contact an adopted person and you are also adopted you may wish to register on both parts 1 and 2.

Please be aware that the General Register Office (GRO) does not trace. The adopted person must also register a wish for contact for a link to be made.
