

How to Apply for GCT Deferment Online

In our continued efforts to improve the quality of service delivery, Tax Administration Jamaica (TAJ) has embarked on a project to make the process of *doing business* with us that much easier. To this end, customers with e-Service access to our Enterprise Portal can now make an application for GCT Deferment online.

In accordance with Section 42 of the General Consumption Tax Act, a “Registered Taxpayer” can make an application for the deferment of General Consumption Tax in relation to the importation of specific goods and Local purchases of packaging materials.

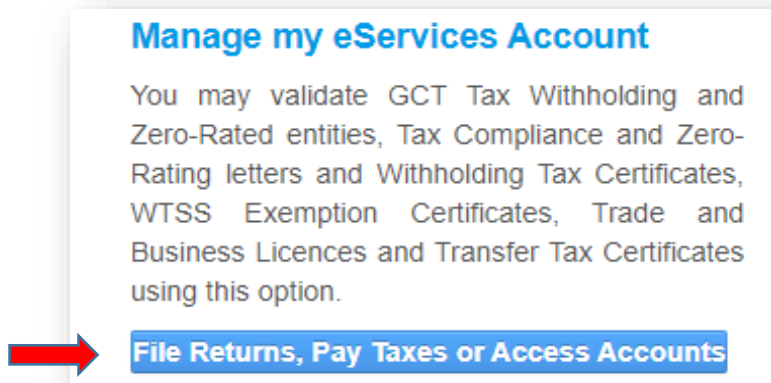

To submit an Application for GCT Deferment online, the customer must be registered as a manufacturer of prescribed goods under the General Consumption Tax Act, as well as registered for an Environmental Protection Levy account. In addition, the customer should have an eService account. If the customer does not have access to eServices they must submit a request to TAJ to create an eService account. See [Apply for an e-Service Account](#) guide on TAJ’s web site www.taxadministrationjamaica.gov.jm.

1. Log in to your TAJ eServices account by entering your Username and Password on the Login Screen

The screenshot shows the Tax Administration Jamaica (TAJ) website's login interface. At the top, there is the TAJ logo and the tagline "Working together to serve you EVEN better". Below this is a navigation bar with links: Home, About TAJ, Publications, Forms, and Media Room. The main heading is "Login". Underneath, there is a "Sign In" button. Below the button are two input fields: "Username" and "Password". At the bottom of the login section, there is a checkbox labeled "Remember Me" and a blue "Sign In" button.

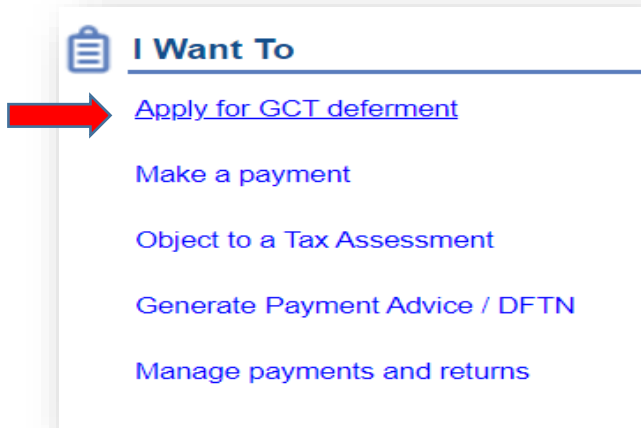

2. Click the “**File Returns, Pay Taxes or Access Accounts**” button.

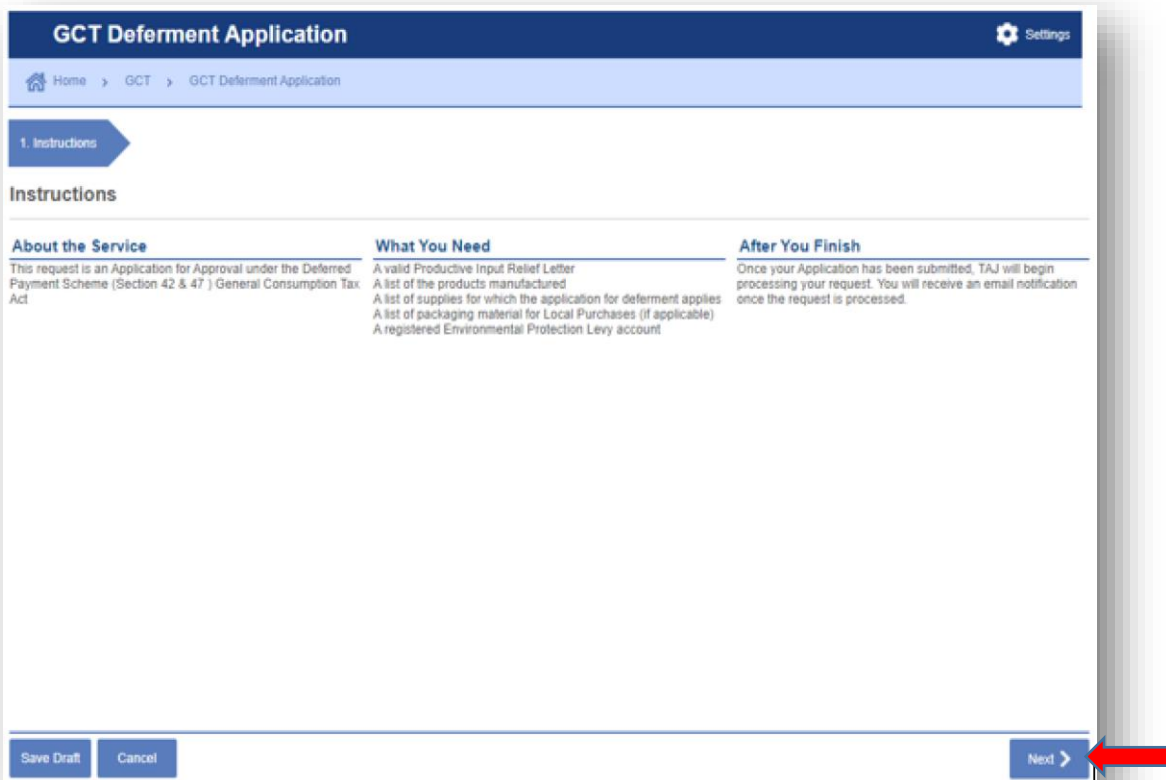

3. Select the **GCT** or **SCT** account hyperlink.

4. Select the **Apply for GCT Deferment** hyperlink.

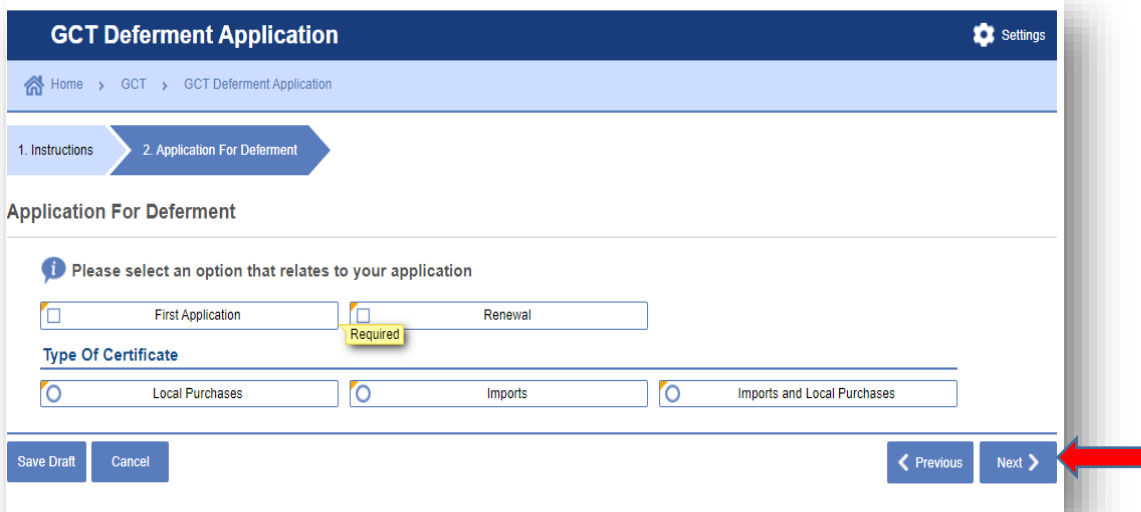

5. Review Instructions and click **Next**

A screenshot of the "GCT Deferment Application" form. The header shows the title "GCT Deferment Application" and a "Settings" gear icon. Below the header is a breadcrumb trail: "Home > GCT > GCT Deferment Application". A blue arrow points to the "1. Instructions" section. The "Instructions" section contains three columns of text: "About the Service", "What You Need", and "After You Finish". At the bottom of the form, there are three buttons: "Save Draft", "Cancel", and "Next >". A red arrow points to the "Next >" button.

About the Service	What You Need	After You Finish
This request is an Application for Approval under the Deferred Payment Scheme (Section 42 & 47) General Consumption Tax Act	A valid Productive Input Relief Letter A list of the products manufactured A list of supplies for which the application for deferment applies A list of packaging material for Local Purchases (if applicable) A registered Environmental Protection Levy account	Once your Application has been submitted, TAJ will begin processing your request. You will receive an email notification once the request is processed.

6. Fill out “Application For Deferment” details and click **Next**.

13. Click **Ok** to finish submitting request

I declare that to the best of my knowledge and belief this is a true and correct statement of the information and particulars given on this form

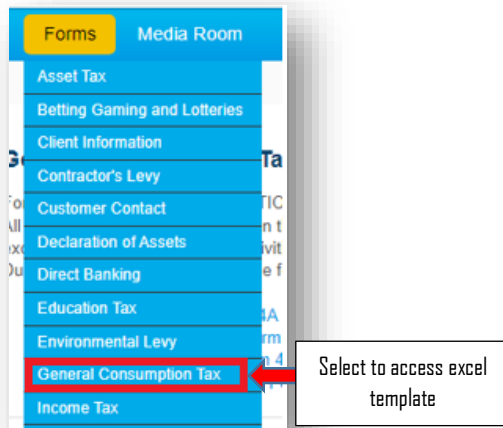

Are you sure you want to submit this request?

OK Cancel

The request will then be processed by a TAJ Officer. When the application is approved the Deferment Certificate will be available for printing via the Correspondence tab of your eServices account. Where the application is not approved, a rejection letter is sent indicating that your application was rejected.

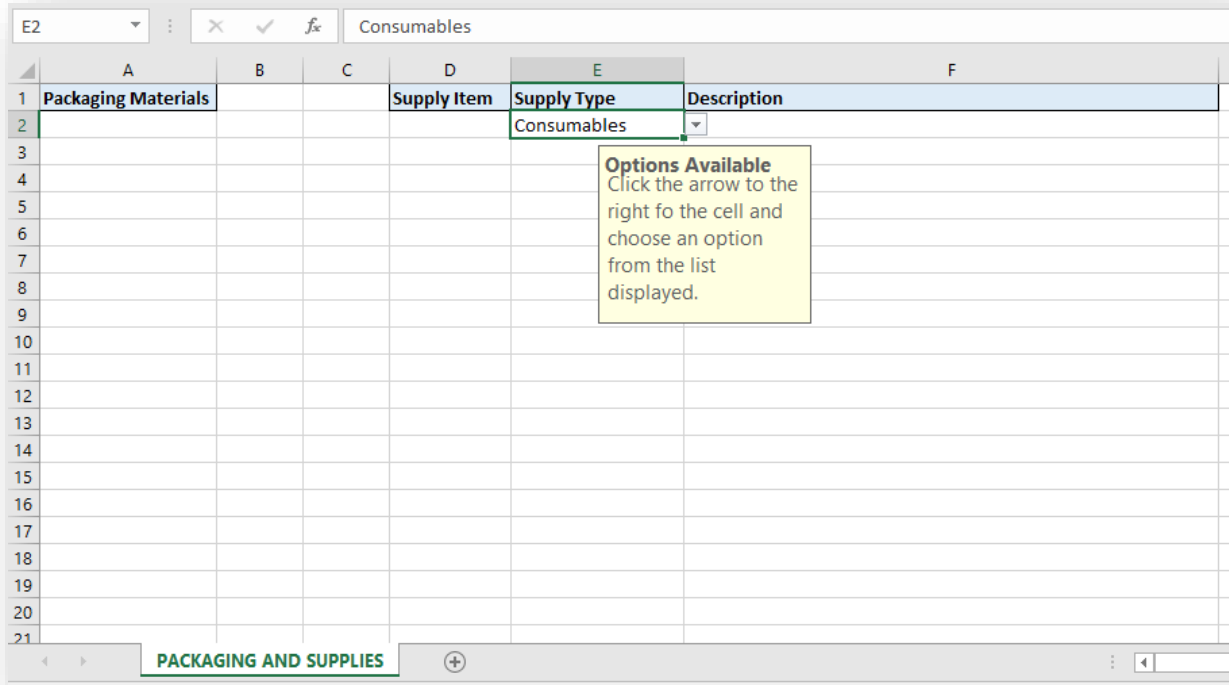

Additional Information to note:

The **GCT Deferment Excel upload template** is also available for uploading packaging materials and supply items details when completing the application as indicated in step 8 above. This template can be accessed on TAJ's website under the **Forms** tab as seen below.

The template (displayed below) is intended for only upload. Customers may use a system generated file in a similar file structure/format however, ensure that the column names as well as the name of the spreadsheet remains the same.
