NATIONAL SOCIAL SECURITY FUND (NSSF) PLOTS IN KATANI LOCATION- MAVOKO MUNICIPALITY, MACHAKOS COUNTY

The Board of Trustees of the National Social Security Fund (NSSF) own a number of parcels of land in Mlolongo and Katani locations within Mavoko Municipality, Machakos County. It has come to our attention that same fraudsters are defrauding members of the public by purporting to be selling plots in the properties on behalf of the NSSF.

This is to inform the general public that the NSSF has not authorised or engaged any one to sell the properties on its behalf and the plots **are not for sale**. Any person(s) or company purporting to transact any sale of the plots is committing fraud and should be reported to police.

The purpose of this **NOTICE** is to **CAUTION** members of the public against falling prey to the fraudsters as the NSSF will not take any responsibility for any loss arising from any such illegal transaction.

The Board wishes to notify the public that criminal proceedings will be taken against any person found on any of its property.
