We need to verify the information reported on Form 8936, Clean Vehicle Credit, attached to your Form 1040, U.S. Individual Income Tax Return. Our records indicate that one or more of the vehicle identification numbers (VINs) reported on Schedule A (Form 8936) may be invalid or ineligible for the credit. Please provide the requested information and supporting documentation below. Submit your response electronically using the instructions in the attached letter. If you cannot submit your response electronically, mail it to the return address listed at the top of the attached letter.

Note: The Clean Vehicle Credit for vehicles acquired after September 30, 2025, was terminated under new legislation. Vehicles acquired before September 30, 2025, but placed in service after September 30, 2025, may still be eligible for the credit.
